PROFILE SUMMARY

Aspiring MERN Stack Developer currently pursuing a Bachelor's degree in Electronics and Telecommunication Engineering. Passionate about building dynamic and responsive web applications using JavaScript, React, Node.js, and MongoDB. Eager to leverage strong problem-solving skills and technical knowledge to contribute to innovative projects and gain practical experience in a collaborative environment.

WORK EXPERIENCE

Prodigy InfoTech

Web Development Intern | Feb 2024 - Mar 2024

- Collaborated on web development projects using modern technologies, enhancing overall efficiency by 25%.
- Implemented responsive design principles, ensuring cross-platform compatibility and improving user experience.
- Gained practical experience in full-stack development, contributing to reduced project delivery times.

Bharat Intern

Web Development Intern | Feb 2024 - Mar 2024

- Contributed to web applications development, focusing on user experience and functionality.
- Enhanced skills in frontend and backend technologies, improving code quality and performance.
- Participated in code reviews and implemented best practices in web development, increasing project success rates.
-

Projects

Blog App with MERN Stack

- Developed a full-stack blog application using MongoDB, Express.js, React.js, and Node.js.
- Implemented user authentication, CRUD operations for blog posts, and responsive design.
- Utilized Redux for state management and integrated real-time comments functionality.
